DPW - Previous Tanks Landscape Plan

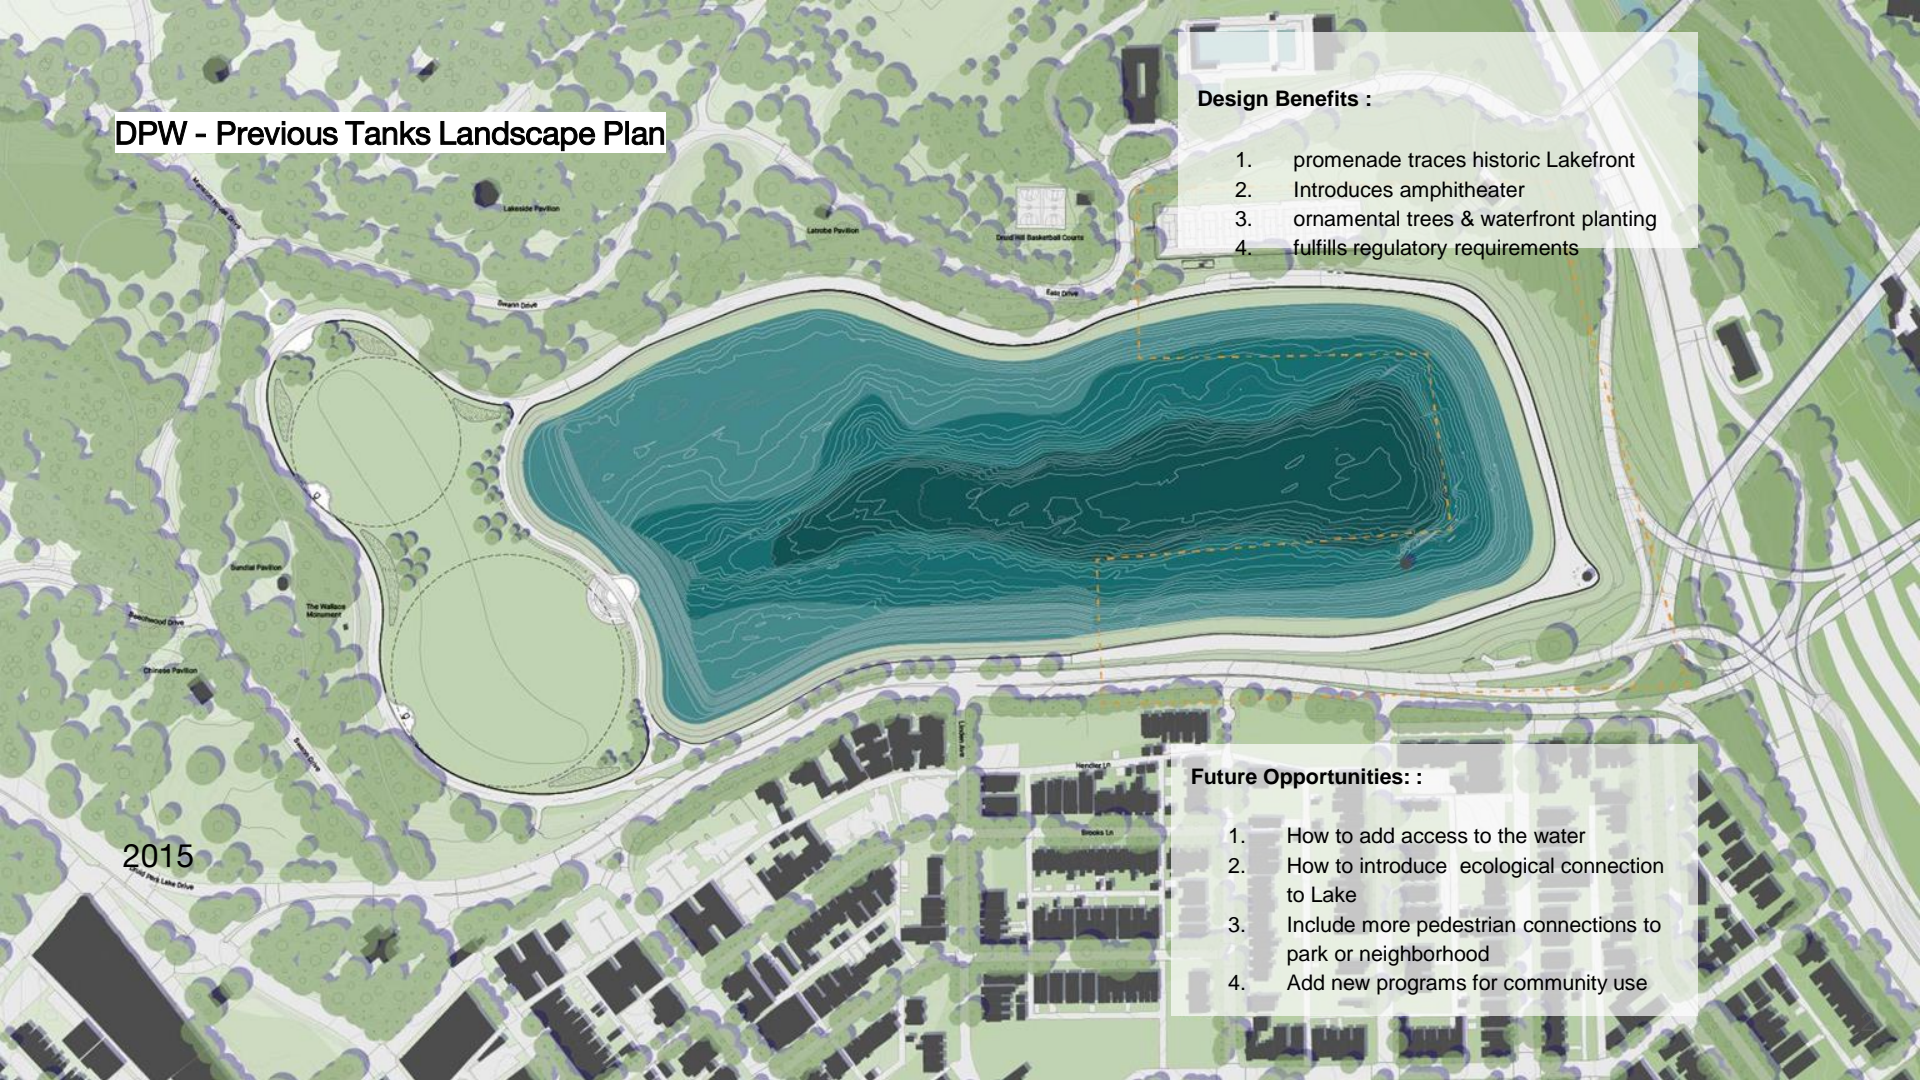

Design Benefits :

1. promenade traces historic Lakefront
2. Introduces amphitheater
3. ornamental trees & waterfront planting
4. fulfills regulatory requirements

Future Opportunities: :

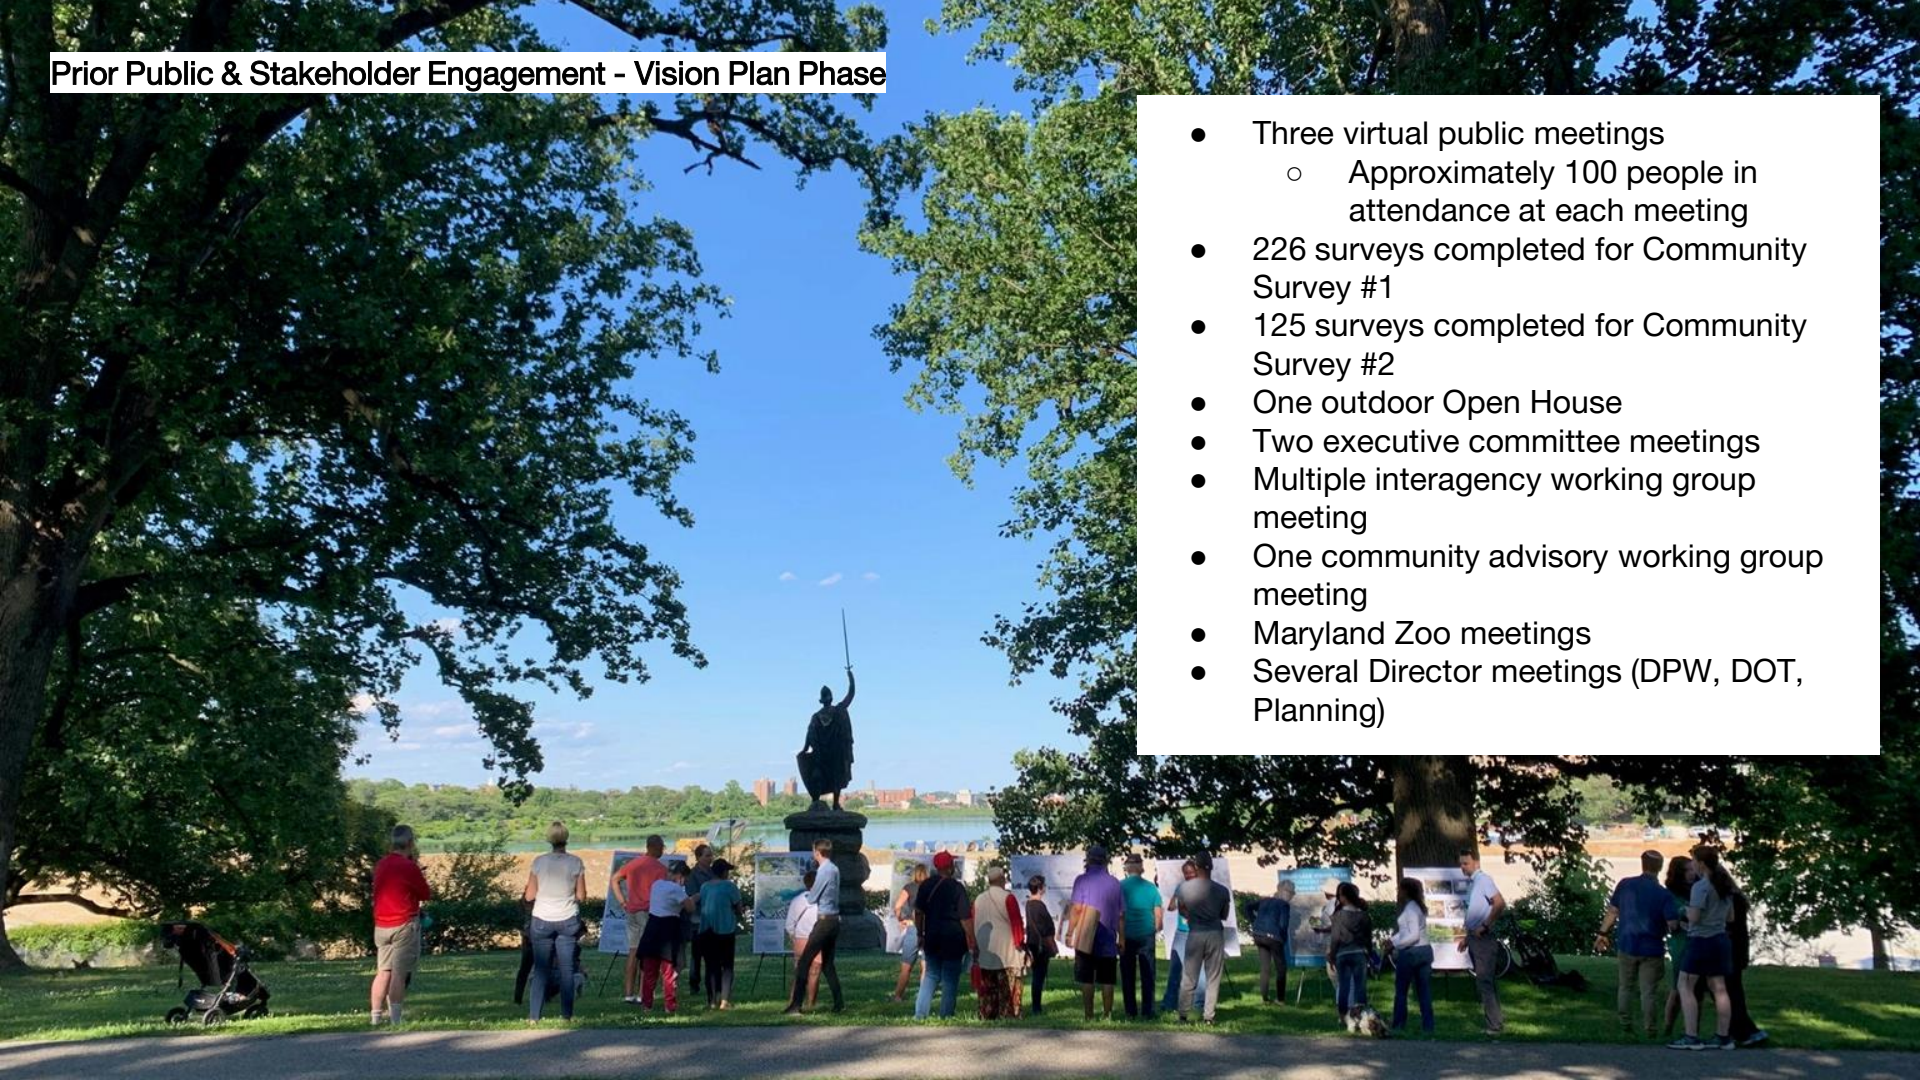

1. How to add access to the water
2. How to introduce ecological connection to Lake
3. Include more pedestrian connections to park or neighborhood
4. Add new programs for community use

2015

Prior Public & Stakeholder Engagement - Vision Plan Phase

- Three virtual public meetings
 - Approximately 100 people in attendance at each meeting
- 226 surveys completed for Community Survey #1
- 125 surveys completed for Community Survey #2
- One outdoor Open House
- Two executive committee meetings
- Multiple interagency working group meeting
- One community advisory working group meeting
- Maryland Zoo meetings
- Several Director meetings (DPW, DOT, Planning)
