

# Thank you for your extended patience while the Department of Public Works Solid Waste Crews face unprecedented challenges.

Due to a significant number of COVID-19 cases at a facility last week and subsequent temporary closure of this facility, there have been delayed trash collections across the City.

DPW employees from other operations have been reassigned to trash collection routes. Trash collection is very physically demanding work, and workers who are not accustomed to it may need more time to complete a route.

## Residents are encouraged to:

Call 311 to report missed trash collections

Secure trash in can with a tight-fitting lid until it's collected

Utilize the three drop-off centers open to the public (listed at right)

## Recycling, trash, and bulk trash items can be brought to one of the following Drop-off Centers for disposal:

### Sisson Street Citizen Drop-Off Center

2840 Sisson Street / *No fees*

Monday - Saturday

9:00a.m. to 7:00p.m.

### Northwest Transfer Station

5030 Reisterstown Road / *No fees for citizen drop-off; fees applied to small and large haulers*

Monday - Saturday, 7:00a.m. to 5:00p.m.

### Quarantine Road Landfill

6100 Quarantine Road / *No fees for citizen drop-off; fees applied to small and large haulers*

Monday - Saturday, 9:00a.m. to 5:00p.m.

**Bernard C. "Jack" Young**  
Mayor
