

DEPARTMENT OF PUBLIC WORKS

Sanitary Sewer Modified Consent Decree

Project Facts

SC #978:

Small Diameter Sewer Main Replacement In The Roland Park Area Of The Jones Falls Sewershed

Project Purpose

This project will prevent SSO's, reduce infiltration and inflow, address capacity problems, and improve the overall condition of the aging sewer system utilizing the following corrective action:

- Sewer Rehabilitation
 - Cured-In-Place Pipe (CIPP) Lining
 - Pipe Replacement
 - Upsizing the existing 6-inch pipes to 8-inch and 10-inch pipes which will ultimately reduce inspection issues and also improve system capacity.
- Manhole Rehabilitation

Project Area Map

Project History

In 2002 the City of Baltimore (City) entered a Consent Decree with the U.S. Environmental Protection Agency (EPA) and the Maryland Department of the Environment (MDE). A Consent Decree is an agreement made in court by the parties to settle a suit in equity. In 2017, the Modified Consent Decree (MCD) was entered to address sewer system deficiencies in a proactive program by 2030. More information on the Consent Decree can be found at: <http://publicworks.baltimorecity.gov/>
